TO THE UNITED NATIONS

Side event on Ageing and health policies

INICIATIVE	Interactive session on aging and health policies
HOSTS	Mexican government, UNFPA
LOCATION	CR-1
TIME AND PLACE	12 April, 2016 1:15-2:30 PM
OBJECTIVE	Address the challenges of an aging population and the necessary policy programs for health care.
OVERVIEW	Discuss on the relationship of the demographic trends, factors and sustainable development in the context of an aging society. Analyze and present the economic impact and the effect it will have in the medical system and social care in the population as a whole at regional and global level. Comprehensive health policies are necessary to build a complete system of care for the elderly. There is a need for initiatives that promote community participation and advocacy to promote the successful implementation of active aging.
